

Mission

To provide security, safely and accountably; to deliver the highest standards on a global scale, allowing our clients to maintain maximum operational effectiveness.

Vision

Our vision is to become a reputable and recognised maritime security provider of choice and continue to hold a prominent place within the maritime security industry; through commitment to providing a high standard of service and unfaltering adherence to multi-national laws and regulations.

Dedication to continued growth via investment in operators and solid shore-based support networks will define Regal Maritime Solutions as a dynamic and adaptable maritime security company that strives for quality of service and cost effectiveness.

‘Providing the framework for securing our oceans’
